

Team 26 Team Status Report 1

Progress Made:

- Created the Project Document.
 - Listed base features of the project.
 - Listed additional features and assigned them to their respective members.
- Created a GitHub repository and added the team to it.
- Created a Trello board and added the team to it.
- Created a Discord server and added the team to it.

There were no notable issues that Team 26 experienced this week. This is due to the fact that we are still in the groundwork stage, so there isn't a whole lot of work to do.

Plans & Goals:

- Meet with our scrum master
- Update Trello board
- Sprint 2
- Team report 2

Meeting Plans:

We will meet with the instructional team during class time. This is on Tuesday & Thursday from 8:30AM - 9:45AM.
